

Famous in a Day for Her Beautiful Complexion

A Free Oatmeal Prescription Does Its
Work Overnight; You Can
Prepare It at Home.

New York: It is my own discovery and it takes just one night to get such marvelous results, says Miss Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says. I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription which beautified my complexion and removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription which you can prepare at your own home is as follows: Go to any grocery and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of dermivell. Prepare the oatmeal as directed in every package of dermivell and apply night and morning. The first application will astonish you. It makes the skin appear beautiful, transparent, smooth and velvety. It is absolutely harmless and will not produce or stimulate the growth of hair. No matter how rough and uncleanly the hands and arms or what chaps they have had through hard work and exposure to sun and wind, this oatmeal dermivell combination will work a wonderful transformation in 12 hours at the most. Thousands who have used it report the same results I have had.

NOTE—To get the best effect be sure to follow the complete directions contained in every package of dermivell. You have only to get dermivell and oatmeal. You need nothing else and it is so simple that any one can use it and so inexpensive that any girl or woman can afford it. Dermivell is sold in this city under a money-refund guarantee in all department stores and drug stores, including Live and Let Live drug store, Morrison's, R. J. Miller.—(Adv.)

FOES AT HOME ROUSE BRITISH

Public Demands Less Lenient
Treatment of Alien
Enemies.

(Newspapers Enterprise Association.)
London.—A movement is on foot throughout England to force the government to modify its lenient policy toward interned and naturalized Germans. So strong has this movement become that in many places police intervention was necessary to protect enemy aliens from the enraged public. The home office, which has the final word in questions concerning alien enemies, has expressed the public by the seemingly kindly attitude it takes toward them.

There are still 6,500 Germans interned. These, with the thousands of dangerous naturalized Germans and German wives of British husbands, are a positive and well-hidden danger to the security of the government, it is charged.

Arms prohibited to the use of Germans are known to contain many of them. Many Germans still have season-ticket privileges on the railroads. Many naturalized Germans are carrying on businesses which were formerly in the hands of alien enemies and to the detriment of British trade.

To remedy this, the leaders in this movement propose to enact a bill providing for a proper alien's department, dealing with internment, registration, ban businesses and banks, and above all, with the view of keeping them out of England when the war is over.

They assert that is the opinion of all the English people and the government must follow it.

BRITISH PAPERS PAY HIGH TRIBUTE TO M'CUDDEN

Noted Aviator's Chief Characteristic Was Modesty—Deep Sadness in Major's Home.

(International News Service.)
London, July 12.—British newspapers are paying high tribute to the memory of Maj. McCudden, famous British aviator, who has just been killed in France after bringing down fifty-four German machines.
McCudden's chief characteristic was modesty. Once asked how he had won a thrilling victory, he replied: "Oh, yes; I just got above him and fired and he fell."
There is a deep sadness in McCudden's home in Kingston, where hang the caps of several German "aces" that this brilliant and daring fighter had brought down.

"Jim rarely wrote home about what he was doing at the front and he always avoided talking, too," said McCudden's mother.
McCudden wrote once to a friend: "Brought down four blighters yesterday. It was just luck, you know. We have overhauled them (the Germans) now. When well led our crews can show them around. The Hun is plucky, but sometimes we get a taste of dirty tricks—things that no Britisher would do. There is nothing to fly the but a good engine and a bit of brain work, but the engine comes first every time."

AGENT PHILLIPS OPENS OFFICE IN HUNTSVILLE

(Special to The News.)
Huntsville, Ala., July 12.—Agent Phillips, of the Muscle Shoals Traction company, and also engineer, who will have charge of the building of the interurban road from Huntsville to Florence, Sheffield, has opened his office in Huntsville with an able staff of men.
Mr. Phillips states that work will be begun at once on this road; that money had never been a hindrance, but that a few of the people did not want the road to run through their places and so near their homes. All these obstacles are now out of the way and real construction work will begin immediately.

ROBERT MURPHREE SUCCEEDS LATE FOX HENDERSON

(Special to The News.)
Huntsville, Ala., July 12.—Robert Murphree, former vice-president of the Henderson National bank here, has been elected to the presidency, succeeding the late Fox Henderson. The bank recently held a directors' meeting, during which time Gov. Henderson was present, and Mr. Murphree was selected to the highest office through the efficiency he has given the institution during the time he has been in charge. Mr. Murphree and his friends in Huntsville are highly elated over the promotion.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's
Vegetable Compound Did
For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.
Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years' experience is at your service.

FULL-BLOODED INDIANS SUPPORT RED CROSS WITH GENEROUS FERVOR

National Spirit Foreseen by President Wilson and Other Statesmen
as Result of War Splendidly Exemplified by Red
Men of Great West.

Washington, July 12.—The deeds of Indians who have enlisted in large numbers in the military services are hardly more inspiring than those of the women and children left behind. This is a partial account of the answer made by the people on the reservations when the "great white father" in Washington called to the tribes and races inhabiting this land of freedom to rise in its defense.

Reports received by Cato Sells, commissioner of Indian affairs, from about one-third of the Indian reservations indicate a total Red Cross membership of close to 20,000, contributions in money amounting to more than \$50,000 and further donations of thousands of hospital garments and knitted articles. That is not a full measure of the Red Man's generosity, however, for the reservations do not house many Indians, including the more wealthy, whose charitable activities are listed with the general population.

Resorting to methods of the white man to raise money, the Omaha tribe recently held an auction for the Red Cross which netted \$2,000, including \$300 for a prize goat.

The boys of a school in the northwest gathered 2,000 pounds of Spangnum moss for the Red Cross. Some 400 Christmas boxes were reported, is incomplete, as nearly all of the 120 boarding schools have service flags with stars ranging in number from a few to 200, and the pupils of these schools are very mindful of their soldier representatives. One of the larger schools reported a students' friendship fund, with \$150 on hand and twelve war savings societies. This school in four weeks bought 1,000 thrift stamps and fourteen baby bonnets.

Means Real Sacrifice.
On a small reservation far north, where the winters are long and severe and the Indian must struggle for the necessities of life, more than \$1 per capita for every adult was paid in cash for the Red Cross and other war relief purposes. In the southwest, where the parched desert gives scant returns and sheep raising is the chief means of support, many of the Indians have each promised a fleece of wool for the Red Cross and the superintendent.

MEMBER OF RAINBOW DIVISION IS KILLED

Sergt. J. Thomas Mason, of
Huntsville, Ala., Falls
in France.

(Special to The News.)
Huntsville, Ala., July 12.—Sergt. J. Thomas Mason, of Company D, 157th Alabama, who was killed in France June 12 by a German bomb dropped by an aviator, was well-known in Huntsville, having been born and reared here. His regiment was formerly the famous old Fourth Alabama of Civil War days and is now fighting with the Rainbow division in northern France. He was known to nearly everybody in Huntsville and had a wide acquaintance among the traveling men, having been in the transfer business here many years. News of his death was received with deepest regret by his hosts of friends and his family, consisting of his father, Thomas Mason, Sr., mother, brother, Henry Mason, and sister, Mrs. Thomas Freeman, are heartbroken, but are proud to know that he died a real man's death while fighting for his country.

Sergt. Mason attended the Shepherd school in this city and one of the letters written home by him was to an old schoolmate, to whom he gave a very illuminating account of what is going on "over there," and in which he expressed the opinion that the war would be brought to an early close when the full American strength is brought into the line.

Sergt. Mason was a veteran of the Spanish-American war. When it looked like the United States would go to war with Mexico in 1915, he volunteered again and went to the Mexican border with the Fourth Alabama. He soon became a non-commissioned officer and his experience was so valuable that the Bessemer Company secured him for the post of mess sergeant.

WILSON PEACE IDEA PRAISED IN FRANCE

Bourgeois Says Formation of
Society of Nations Is Tight-
ening Allied Unity.

(Copyright, 1918, New York World.)
Paris.—Leon Bourgeois, parliamentary president of the Society of Nations, in an interview to a World correspondent declared that the ideas of French leaders are identical with those held by President Wilson for a definite peace founded on the mutual respect of liberty and the rights of the people.

Although he refused to say anything about this new work, Bourgeois personally thought the chamber of deputies must soon discuss the question. He also agreed that this organization can exist only for the present among the allies and afterward it will be extended to other nations.
"The plan for the formation of the Society of Nations," said Bourgeois, "should be studied now, because it will tighten the bonds already uniting the allies and will establish a diplomatic unity, which is indispensable at the moment peace negotiations begin."

RESTRICT APPOINTMENTS IN AERONAUTICS DIVISION

Washington, July 12.—Only officers who have qualified as junior military pilots will hereafter be given appointments in the military aeronautics division under a ruling yesterday by Maj.-Gen. Kenly, director of the reorganized air service. At present there are many officers in the nonflying branches of the service, which includes all administrative and staff work, and officers are afoot for retraining now on such duty in Washington to learn to fly. A flying field now being established near the city probably will be used for this purpose.

The flying qualification rule applies only to the aeronautics division, which is the operating end of the air service.
Lame Shoulder.
This ailment is usually caused by chondromatosis of the muscles. All that is needed is absolute rest and a few applications of Chamberlain's Liniment. Try it.—(Adv.)

FEDERAL AGENTS START BIG SLACKER DRIVE

Draft Men of Chicago Rounded
Up to Determine Whether
They Are Delinquents.

(International News Service.)
Chicago, July 12.—In a drive which is impartial as to where it strikes—ball parks, theatres, railways, stations—federal agents here are rounding up all draft men to determine whether they are slackers or unregistered aliens. More than 5,000 "prisoners" were detained and examined in the search, which is city-wide, operating in the down-town as well as outlying districts. One suspect, who tried to escape, is in the hospital, suffering from a bullet wound.

Each man accosted is asked to produce his card, which if he does, is his passport to freedom. If he does not produce it, he is taken to the federal building and held until his status and identity are established.

More than 100,000 men have been questioned here, it is estimated, since the thorough combing of the city began yesterday.

This is only the beginning because officials assert they intend to continue the drive until the first of next week, or "indefinitely."

Of the 5,000 detained all but 400 were able to satisfy the authorities of their right to existence at present away from the western front and were released. The latter are held and will be further questioned.

LOST

Two diamond rings Wednesday, July 10, in the washroom, 5th floor, Volunteer building; one large square diamond ring with opal center, the other a little finger ring, small diamonds set platinum. Reward and no questions asked if under will return to Mrs. J. W. Johnson, room 515 Volunteer Bldg., Phone Main 2386 or Main 680.—(Adv.)

KNOXVILLE P. O. RECEIPTS SHOW \$51,299 INCREASE

(Special to The News.)
Knoxville, July 12.—Total receipts of \$51,299.85 for the fiscal year of the Knoxville postoffice are shown by a report which Postmaster W. P. Chandler has just sent to Washington headquarters. This is an increase of \$3,299.35 over the previous fiscal year, the largest in the history of the postoffice here. War savings stamps sales totaled \$400,000. Need for a new postoffice is also shown in the report. Senator John K. Shields now has a bill in congress providing for a new postoffice.

SHOOTING OF HUN DESERTERS COMMON

Borne.—A refugee from Berlin reports that the shooting of army deserters in the streets is common. The city council has entreated the war office to take steps to afford protection to peaceful passersby against shots fired at deserters.

FRIEDMAN'S
MAKER TO WEARER
CLOTHES SHOP
830 MARKET ST. CHATTANOOGA, TENN.
830 BROADWAY, NEW YORK CITY

Some People Still Cherish Mis- taken Ideas About Friedman's

We presume it's because FRIEDMAN'S Store is so different from others in character, policy and practice that some men find it difficult to get a proper conception of just what sort of a place this is until they come here personally.

For while one stranger, looking for quality at any price, is surprised to learn that we sell such fine clothing at only \$15 and \$20, another, with a limit to his purse, is surprised to find our prices so moderate.

Perhaps you are not a customer of ours because of some mistaken idea regarding the high character of our merchandise or the greater values and wider range for choice which we offer at just two prices—\$15 and \$20.

If so, we want to show you—to have you look and compare to your heart's content. Then buy where you like. But you are not fair to yourself or to us if you buy elsewhere without first seeing what we can do for you.

For those who want the
best regardless of the price,
we have Friedman Suits at

\$20

For those who want big
value for less money, we
have Friedman suits at

\$15
